Support width from 670 to 94  Type black and	Support arms	two telescopic pairs, one pair with additional 15° tilt angle
Type black and	Support depth	from 300 to 470 mm
777	Support width	from 670 to 940 mm
Weight 10	Туре	black anodized
	Weight	10.92 kg

The »Spider Pro« is the further development of the »Spider« keyboard stand. The »Spider Pro« is equipped with a pair of extendable support arms, as well as an additional pair of extendable support arms with a 15° tilt angle. The »Spider Pro« can be fitted with additional support arms for a third keyboard. The »Spider Pro« also has a 3/8" or 5/8" threaded connection for attaching microphone booms. The tilt of the »Spider Pro« is greater than that of the »Spider« to allow easier playing when two keyboards are being used. On top of this, the »Spider Pro« also provides optimum leg movement thanks to the raised design of its feet, continuously variable height adjustment and a special mechanism for collapsing the stand as well as easy carrying of the stand in the bag, which is available as an optional extra.
